Data Mining in the News

1. Read the following article to gain a better understanding of the differences between data mining and machine learning.
    https://www.import.io/post/data-mining-machine-learning-difference/

2. Use two different search engines (Bing, Google News, Yahoo, Ask.com, DuckDuckGo, etc.) and find two different recent news stories involving data mining. Describe the role of "data mining" in the story using your own words. Write 1-2 paragraphs about each article.

Upload your article descriptions to Moodle before our next class. Please include the link to each of the articles in your description as well. Be sure to include your name in the document.
